

Class Dojo

A digital way to communicate

Dear Parent(s)/Guardian(s),

Attached is a form to sign up to receive notifications on your child's progress and goals and daily updates if you chose to receive them. This free program allows us to communicate daily and track your student's progress.

Signing up is free and simple. It does require the use of a smartphone (if you want to use it as an app) OR access to the Internet on a device such as a computer.

This is completely optional. However, it does benefit to track daily student progress, ask questions, or keep in touch. Utilizing the parent code on the center of the form you can sign up. If you wish to let me know you are on board with class dojo you may sign up today to start receiving updates!

If you need help setting up your account I am also happy to do so! Either coming in the room or talking you through it over the telephone!

Class Dojo affords me the opportunity to keep in touch with you and easily track your students behavior, goals, and/or anything we discuss you wish to be documented.

Please note that Dojo is to benefit our communication but does not serve as our only means to communicate. Never hesitate to contact me via email, telephone or dojo!

I hope you'll give it a try!

Sincerely,

Ms. Johnston
